Summer 2010

Gmail and Calendars– Oh my, I’m Connected and Organized

Make the transition to Gmail painless and become a power user in no time. This hands on session will start with the basics and move on to more advanced features like labels, filters, groups and more. Then, get organized as you explore the many dynamic features offered by Google Calendar.

Dates/Times: *June 9, June 14, (8:30-11:30)*
June 22 (12:00-3:00)

Location: Technology Center @ CO

Instructor: Tonya Berrier

Credit: 3 hours Flexible In-service

Picasa & Photostory 3 (Organize and Present)

Learn to use Google’s Picasa to organize (and edit) all of your photos. Then, learn how to make your photos come to life with motion, music, voice narration, and more using Photo Story 3. At the sessions end, you will have created an exciting video story from your own pictures that you can share with others.

Dates/Times: *June, 10, June 16, June 28 (8:30-11:30)*

Location: Technology Center @ CO

Instructor: Tonya Berrier

Credit: ~~Credit:~~ 3 hours Flexible In-service

Participants will need to bring their own DIGITAL pictures to use during the workshop. Don’t forget to bring a device to store all your work.

Google for Educators: The Best Apps for Busy Teachers

Explore the suite of Google Apps and discover the numerous possibilities for its use in the classroom. The workshop will cover the following applications from the Google Apps suite - (1) Google Docs/Spreadsheets/Presentations, (2) Google Maps/Earth, (3) Google Reader, (4) Google Calendar, (5) Google Chat, and (6) iGoogle.

Dates/Times: *June 15 (8:30-11:30)*
June 23, June 29 (12:00-3:00)

Location: Technology Center @ CO

Instructor: Tonya Berrier
