## VISITORS TO THE SCHOOLS

Except on special occasions, such as school programs and athletic events, all visitors will report to the school office when entering the school. Authorization to visit elsewhere in the building or on the school campus will be determined by the school principal or his/her designee.

In order to maintain the conditions and atmosphere suitable for learning, no other person will enter onto the grounds or into the school building during the hours of student instruction except students assigned to that school, the staff of the school, parents of students, and other persons with lawful and valid business on the school premises.

The principal or his/her designee has the authority to exclude from the school premises any persons disrupting the educational programs in the classroom or in the school, disturbing the teachers or student on the premises, or visiting the premises for the purpose of committing an illegal act.

The principal will engage law enforcement officials when he/she believes the situation warrants such measures.
